CALL TO OPEN THE PUBLIC HEARING

The Supervisor called the Public Hearing to order at 6:45 p.m. The Town Clerk provided proof of Posting and Publication. The Supervisor announced the Notice of Public Hearing had been posted and published and the purpose of the second Public Hearing is to give the public an opportunity to provide comments on the Town of Newfane's current Community Development Block Grant (CDBG) Project:801PR72-21, Wastewater Treatment Plant Improvements Project. The CDBG program is administered by the New York State Office of Community Renewal (OCR), and provides resources to eligible local governments for housing, economic development, public facilities public infrastructure and planning activities with the principal purpose of benefiting low/moderate income persons. The hearing will provide further information about the progress of the ongoing CDBG project. Comments related to the effectiveness of administration of the CDBG project will also be received at this time. The Hearing is being conducted pursuant to Section 570.486, Subpart 1 of the CFR and in compliance with the requirement of the Housing and Community Development Act of 1974, as amended.

The Supervisor invited anyone wishing to speak regarding this program to come forward and state their name and address for the record. No one came forward. The Supervisor again offered a welcome to anyone in the audience that wished to speak. No one came forward. The Supervisor stated that it appears no one wishes to come forward and declared the Public Hearing closed.

The Public Hearing was closed at 6:50 p.m.

Respectfully submitted,

TOWN/HIRE/SUMMER RECREATION SEASONAL EMPLOYEES

The Town Clerk gave an overview of a request from Molly Sheldon, Director of Recreation, due to it's length. The Board Members had hard copies of this letter and it was also placed on the website with all the other backup materials to the Agenda. It reads as follows: Dear Members of the Newfane Town Board, I hope this letter finds you well. I am writing to formally request approval for all individuals that we intend to place on payroll for the upcoming period. As part of our standard procedure and in accordance with town policy, we are seeking the Board's authorization before moving forward with the onboarding and compensation of these employees. Attached/enclosed is a complete list of all recreation leaders for your review. Each candidate has been vetted and selected in accordance with our hiring guidelines and budgetary allocations. We respectfully request the Newfane Town Board's approval to proceed with placing these individuals on payroll effective July 7, 2025 at \$17 per hour. We are having a 1 hour zoom call with the recreation leaders and would like to pay them for that meeting even though it is prior to the start of summer recreation. There is also a need for us to have 5 recreation leaders help us lift, carry, sort and label the supplies for the summer recreation program and we would need to pay those leaders as well, for that extra time ahead of the program. Your review and consideration of this request will help ensure a smooth and efficient transition into the next phase of operations. Please let us know if any additional documentation or information is required. Thank you for your attention to this matter, and for your continued support.

Sincerely, Molly Sheldon (Employees: Megan Beiter, Jenna Carmer, Jadis Chinn, Marina Ersing no longer employed, Luke Gunby, Bobbie Jo Grimes, Kirsten Kaczynski, Brianna Kline, Mikayla Marinaccio, Ashley Maybach, Kelley Maybach, Charles (CJ) Nagel, Camryn Oudette, Tyler Oudette, Brayden Seitz Saraf, Raina Serth, Devin Smeal, Joshua Snyder. The Supervisor entertained a MOTION to approve the request of the Director of Recreation to hire these individuals for the Summer Recreation Program. REPORTS OF COMMITTEES AND DEPARTMENT HEADS

Jon Miller, Highway/Water Superintendent reported that on the Highway side they milled and paved W. Main Street in Olcott which turned out very nice, milled and paved 4,600 feet of Drake Settlement Road between Fuller Road and Hess Road. Hopefully we can finish the rest next season. We got the Veterans Banners up, we took four (4) trees down, started roadside mowing, put several yard pipes in, installed a new drain on Cooper Street, along with our other routine jobs. We did get a state increase this year which helped. On the water side we had 3 service leaks, installed drainage at the Terrace and the bottom of the steps at the Beach to help with some erosion there, put fresh sand on the Beach, installed a new hydrant on Jacques Road at the curve which keeps getting hit, we have been mowing lots and basic maintenance. Nick Irr, Chief Operator of the WWTP, advised that the plant is running well. They had a little scare with a transformer blow out, however, the backup generator did it's job so there was no issue on our end. The Bypass Pump is working and we can get back to normal with piping for that. There is still plenty of compost available. David Schmidt, Building Inspector/Code Enforcement Officer, stated that spring is here and it is getting much busier than it already was. I am still working on organizing, trying to get things put together and also trying to get together with Rick Coleman to work on the Code Book. JoAnn Harig, Real Property Appraisal Technician, reported that the Assessor's office is currently working on two (2) projects. First changing the files by S.B.L. numbers rather than property addresses, and making sure the files are currently updated. The next project is we are starting to take current photographs of properties. We are starting in Olcott and moving south. Hopefully in the next three years we will have current photos as requested by New York State. Kenneth Nerber, Dog Control Officer/Constable, advised the Board that there were a couple dog bites this month, a three year old was attacked on Drake Settlement, he is currently in intensive care, another dog bite on the Ridge Road, we are working with David to help him out on complaints, we are working with monitoring illegal vendors and keeping them at bay, and we are also working on unlicensed vehicles on properties. Gina Redden, Tourism, reported that the Tourism Board members have been all over town working to prepare for the season – in addition to flower planting, weeding and painting we have also: Attended the Destination Niagara Season Kick-Off Meeting. Promoted the town at the Niagara Falls Visitor Center as part of their National Tourism & Travel Week promotions. Organized and attended a CPR and AED training class on the boardwalk. Finalized our work schedule for the remainder of the season. Tourism Board members are obligated to donate 40 volunteer hours per year in addition to our monthly meetings, but they average over 120 hours each. The 10-member board worked a total of 1244 volunteer hours in 2023, and 1277 in 2024 we expect to do more in 2025. Tourism Board members log volunteer hours by: Designing, producing and distributing the annual visitor guides, Administering various functions at the Lakeview Village Shoppes, Managing and maintaining our website on and online calendar of events, Managing accounts on several social media platforms, Trending and tracking relevant tourism data from various sources, Integrating with the local business community and Town Hall and pushing information we gather out, Integrating with County – wide tourism efforts and organizations to promote our Town (e.g., Destination Niagara/Niagara Falls USA, Greater Niagara Fishing Expo, Discover Niagara) Issuing press releases and making appearances on local media broadcasts, Opening/closing/stocking/cleaning the caboose, Organizing and attending (with visitor guides) the Sunday concert series at the Gazebo and the Friday wine and music series at the LKV., Identifying grant opportunities and submitting grant applications, Integrating with Town Hall and New Initiative - Improving Tourist Access to Newfane and Olcott - As you know, tourism is a major economic driver for our region, yet much of the current infrastructure is concentrated around Niagara Falls and the Niagara River corridor. According to ongoing feedback from Niagara USA, the vast majority of tourists visiting the Falls do not rent cars. This limits their ability to explore beyond the immediate area. Currently, the Discover Niagara Shuttle offers free service to Lewiston, Youngstown, and Lockport, but not to Newfane or Olcott. That means those towns have direct access to this valuable visitor stream — and we do not. We had conversations with Discover Niagara exploring adding a Newfane loop to the route. It would require a financial commitment that the Town is not in a position to make. As a result - we explored alternative ways to connect tourists to our lakeside communities. We believe the most straightforward and executable approach — is to encourage tourists to use the Discover Niagara Shuttle to reach Lockport, and from there, transfer to the Connect Niagara Bus Service - the Green Route, which does include stops in both Newfane and

May 28, 2025

REGULAR BOARD MEETING cont.

Olcott. The limitation is that the Green Route currently does not run on weekends and ends service on Fridays before the dinner hour — right when our events, restaurants, and waterfront attractions are most active. We believe that evaluating ways to combine public transportation options (e.g., expanding Connect Niagara’s hours to include evenings and weekends) would enable a seamless, car-free pathway for tourists to reach Newfane and Olcott, allowing our communities to share more fully in the County’s growing tourism economy. Toward that end – we are fact finding and constructing a presentation highlighting the benefits of expanding and/or combining public transportation systems in the County, driving tourists to not only our town, but to the northern region of our county. We hope to develop a solution that would be financially advantageous to the entire region, and to present that solution to the County. 2025 Recurring Schedule for the season - The complete attraction/event schedule can be found in the visitor guide online at www.olcott-newfane.com. The Lakeview Village Shoppes opened for weekends May 3rd and converted to the 7-day a week schedule over the holiday weekend. They are open through the end of October. The Carousel Park opened over the holiday weekend and will operate through Labor Day. The caboose opened 7 days a week May 1, it will operate through the end of October. The Sunday free concert series began Monday and runs through the end of September. The Friday night concert and wine series on the boardwalk begins this Friday and also runs through the end of September. The Log Cabin opens this weekend and will also operate through the end of September. The Saturday car shows began Saturday and will run through the end of September. The Van Horn Tours began in May and run through the end of August. The 2025 Free Movie Series will be held twice in July and twice in August.

PUBLIC COMMENTS

Brian Hellner, 2653 Fuller Road, Burt, New York, indicated that he has spoken with David regarding his neighbor who drained his pool water which traveled to his property, He is hopeful that when updating our Town Codes something can be put in place to address this problem. He also indicated that when clearing more than an acre of land a swail is to be created. He believes if a swail would have been created he wouldn't have this issue.

ANNOUNCEMENTS FROM THE BOARD

- Councilwoman Neidlinger announced the Apple Blossom Festival was a huge success.
- Supervisor Syracuse asked Councilman Robinson to tell the people about the project that he and his son have taken on at the intersection of Routes 104 & 78.
